

Hydrogenated petroleum hydrocarbon resin (synthetic)

Taiwan Reporting Repository

21 Nov 2024

Prepared by British American Tobacco

An extensive toxicological literature search was conducted on the following substance:

Hydrogenated petroleum hydrocarbon resin (synthetic) (CAS 68132-00-3).

No relevant references were identified relating the substance with the following endpoints:

1. Pyrolysis information
2. Identification of smoke composition
3. Emission test
4. In vitro toxicity
5. Skin or inhalation carcinogenicity
6. Cardiovascular toxicity
7. Inhalation test
8. Reproductive and Developmental toxicity
9. Addiction test
10. Other technical data
