

MATERIAL SAFETY DATA SHEET

Product name	: Coffee shisha flavour		
Usage	: Flavour compound for industrial use		
Supplier's name	: Keva Fragrances Pvt. Limited	L.B.S. Marg, Mulund (W),	
Office address	: 36, Mangaldas Road, Mumbai – 400 002, India	Mumbai-400	080,
Phone	: 9122-2206 96 09 / 2201 91 30	Corporate office	Maharashtra
		address	State, India
			: (9122) 2164 9160 / 2164
		Fax	: 5271

2. COMPOSITION / INFORMATION ON INGREDIENTS

Description : Flavour compound: It is a multi-component mixture of Flavour ingredients, specific chemical identities of the ingredients not listed herein are considered to be trade secrets of the producer and are withheld.

3. HAZARD IDENTIFICATION

Signs and symptoms of : Harmful if absorbed through skin, harmful if swallowed or inhaled. exposure /
Inhalation
Inhalation : Coughing, difficulty in breathing.
Eye contact : Irritation and redness.
Ingestion : Headache, nausea and may cause liver damage. Skin contact : Irritation and redness.

4. FIRST AID MEASURES

Inhalation : Remove from exposure, if not breathing give artificial respiration, if required give oxygen. Get medical help.
Ingestion : Wash out mouth with water. Have victim drink 240-300ml of water or milk to dilute stomach contents. Do not induce vomiting. Seek medical help.
Skin contact : Wash skin with water. Remove contaminated clothing as washing proceeds. Obtain medical attention if blistering occurs or redness persists.
Eye contact : In case of contact, immediately flush eyes with a copious amount of water for at least 15 minutes. Obtain medical attention.

5. FIRE FIGHTING MEASURE

Extinguishing media : Select extinguishing agent appropriate to other materials involved. Use water spray only. Unusual fire/explosion : May form explosive mixtures with air.
Hazards
Special fire-fighting : Fire fighters should wear self-contained positive pressure breathing apparatus (SCBA) and procedures full turnout gear.
Protection of firefighters : Wear full protective clothing and self-contained breathing apparatus.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions : Wear appropriate protective clothing. Wear respiratory protection.
Environmental : Sweep up into suitable containers for recovery or disposal. Small spillage can be wiped up precautions and cleanup with cloth or paper. Standard absorbents can be used (sand, sawdust etc.) followed by methods washing surface well first with alcohol and then with soap solution and water. Seal all spilled waste in airtight plastic bag for eventual disposal.
Advise Authorities if spillage has entered watercourse or sewer or has contaminated soil or vegetation.

7. HANDLING AND STORAGE

Handling : Avoid contact with eyes, skin and clothing. Wear suitable protective clothing. Emergency shower and eye wash facilities should be readily available. Keep container tightly closed when not in use. Nitril butyl rubber PVC or Viton gloves may provide protection, use closed fitting goggles.
Storage : Storage area should be: cool. Under cover. Well ventilated. Packaging materials : Use original container tightly closed.
Recommended use

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering measures	: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapours below their respective threshold limit value. Ensure that eyewash stations and safety showers are close to the workstation location.
Hygiene measures	: Wash hands after handling compounds and before eating, smoking, using lavatory, and at the end of day.
Workplace Exposure Limits	: Not available
Personal protective equipment	: Wear Dust respirator if conditions are dusty. Moving air for ventilation.
Respiratory system	
Skin and body	: Overalls or Lab coat.
Eyes	: Safety glasses.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance / Color	: colourless to yellow clear liquid
Odour	: Characteristic mild odour
Specific gravity @25°C	: 1.019 1.054 :
Refractive index @ 20°C	: 1.428 1.442
Solubility in 80%	: 1:1 Soluble Clear on Dilution

10. STABILITY AND REACTIVITY

Stability	: The product is stable for 24 months in a sealed container. Use within three months after opening the container.
Incompatibility	: Avoid contact with strong oxidizing agents or inorganic chemicals
Hazardous decomposition	: As any other organic material combustion will produce carbon dioxide and probably carbon monoxide
Hazardous polymerization	: Will not occur

11. TOXICOLOGICAL INFORMATION

Local effects : The substance is moderate irritant to skin, eyes and respiratory tract. Prolonged exposure may cause allergic reaction. The product is formulated using IFRA guidelines. Acute toxicity : The acute toxicity is low.

12. ECOLOGICAL INFORMATION

Eco-toxicity : The product is not tested for environmental effects but there will not be any adverse effects on the environment as fragrance compositions are not expected to accumulate in the environment and problems are not expected with normal use.

13. DISPOSAL CONSIDERATIONS

Methods of disposal : Combustion in incinerator for Residue.
Waste of residues; : Waste must be disposed off in accordance with federal, state and local environmental Contaminated packaging control regulations. Waste classification : Not applicable.

14. TRANSPORT INFORMATION

Not a hazardous material according to RID/ADR, IMDG, ICAO-TI/ IATA.
Shipping name : Not available
Hazard class : Not available
Air(IATA) : Not available
UN no. : Not available

15. REGULATORY INFORMATION

Hazard rating : Health:1, Fire:1, Reactivity:0
Health & Safety Rep. List : None of the ingredients are in the health and safety reporting list
Clean Water act : None of the ingredients are listed as hazardous substances under the clean water act Clean Air Act : This material does not contain any hazardous air pollutants or class 1 and class 2 ozone depleters.
TSCA : Yes
