SAFETY DATA SHEET
According to 91/155/CE

TOLU BALSAM FLUID EXTRACT

1. Chemical product and company identification:

Product name: **TOLU BALSAM FLUID EXTRACT**

Manufacturer: FAGRON IBÉRICA, SAU
Josep Tapiolas, 150 - Terrassa
Tel.: +0034 937310722 * Fax: 937311644

Emergency phone: +0034 915620420

2. Composition/ information on ingredients:

	<u>Tolu Balsam extract</u>	<u>Ethanol</u>
CAS	9000-64-0	64-17-5
EINECS	232-550-4	200-578-8
INCI UE	MYROXYLON TOLUIERUM	ALCOHOL
INCI CTFA	Myroxylon Toluiferum	Alcohol

3. Hazards identification:

There are not known harmful effects to human health at normal use.
Massive or prolonged inhalation may cause irritation of respiratory tract.
The massive accidental ingestion can cause burning and confusion.
Prolonged contact may cause skin irritation.
May cause eye irritation.

4. First aid measures:

Eye contact: Flush with water for 15 minutes.
Skin contact: Flush with water for 15 minutes.
Ingestion: Wash the mouth and call a physician.
Inhalation: Remove to fresh air, provide medical assistance in case of respiratory distress.

SAFETY DATA SHEET
According to 91/155/CE

5. Fire-Fighting measures:

Extinguishing media: Powder, CO₂, alcohol-resistant foam or water spray.
During the combustion can form unidentified organic compounds and carbon dioxide.

6. Accidental release measures:

Personal protection: See 8.
Methods for cleaning up: Absorb the spill using inert material and dispose the waste in suitable containers.

7. Handling and storage:

Handling: Follow the general guidelines of handling chemical products.
Storage: In well-closed containers in a dry, cool and well ventilated place.
Remove any possible ignition source.

8. Exposure controls/personal protection:

Respiratory protection: Dust mask.
Hand protection: Protective gloves.
Eye protection: Safety goggles.
Skin protection: Working clothes.

9. Physical and chemical properties:

Physical state:	Liquid hydroalcoholic.
Colour:	Yellowish.
Odour:	Characteristic.
pH:	3 - 4
Alcohol:	20 – 30% v/v
Density:	About 0.960 – 0.980 g/ml

10. Stability and reactivity:

Stability: Store in a container at a temperature lower than 30° C and a relative humidity < 50%
This product may react with oxidizing substances.

SAFETY DATA SHEET
According to 91/155/CE

11. Toxicological information:

Not available.

12. Ecological information:

This product is of natural origin. The product is fully degradable.

13. Disposal considerations:

Eliminate in accordance with local and state regulations.

14. Transport information:

The product is not restricted.

15. Regulatory information:

Not required.

16. Other information:

These data are based on our present knowledge. However, they shall not constitute a guarantee for any specific product features.
